In addition, height restrictions may also be applicable where the views of neighbors are concerned all in accordance with designated standards or as may be determined by the Planning Committee.

(b) Any Owner proposing to construct or reconstruct Improvements, or to recolor, refinish or alter any part of the exterior of any Improvement or to perform any work which requires the prior approval of the Planning Committee, shall apply to the Planning Committee for approval. The Owner shall make application by submitting to the Planning Committee for approval in duplicate such plans and specifications for the proposed work as the Planning Committee may from time to time request, including, when deemed appropriate by the Planning Committee, the following: (i) floor plans; (ii) colors and samples of exterior materials and colors; (iii) specifications; (iv) building plan or plans; (v) wall sections; (vi) exterior elevations; (vii) roof plan; (viii) landscaping plans; (ix) graphics and exterior furnishings; (x) the Owner's proposed construction schedule, (xi) drainage reports, and (xii) plot plan.

(c) The Planning Committee shall approve the plans, drawings and specifications submitted to it only if the following conditions shall have been satisfied:

- (1) The Owner has submitted the materials required by the Planning Committee;
- (2) The Planning Committee finds that the proposed Improvement conforms to these Restrictions. All such approvals shall be in writing and may be conditioned upon the submission by the Owner, and the resolutions of the Planning Committee, of such additional plans and specifications as the Planning Committee shall deem appropriate for the purpose of insuring that the construction of the proposed Improvement shall be in accordance with the approved plans. Applications made in accordance with this section which have been neither approved, rejected, or additional information requested within thirty (30) days from

the date of submission thereof to the Planning Committee shall be deemed approved. One set of plans as finally approved and bearing the endorsement of the Planning Committee shall be returned to the Owner for his permanent records.

(d) Upon receipt of the approval from the Planning Committee, the Owner shall, as soon as possible, satisfy all conditions of that approval and diligently proceed with the commencement and completion of all construction, reconstruction, refinishing and alternations pursuant to the approved plans within one (1) year from the date of such approval or within such longer time as the Planning Committee may grant on the application of such Owner. If the Owner shall fail to comply with this paragraph, any approval given shall be deemed revoked and the Improvement may be treated as having been constructed in violation of this section unless upon the written request of the Owner made to the Planning Committee prior to the expiration of said one (1) year or longer period granted by the Planning Committee and upon a finding by the Planning Committee that there has been a good faith start of construction by Owner or that there has been no change in circumstances, the time for such commencement is extended shall be given as a matter of course when delays in completion of construction are caused by strikes, unavailability of materials, fire, storms, acts of God or similar events not within the control of the particular Owner.

(e) Nothing herein shall be construed to place a burden or duty upon the Planning Committee to discover through inspection or examination of plans or specifications any defect in design

for safety, and the purpose of the inspection is entirely to insure that the property is built to further the purposes of these Restrictive Covenants and to maintain the quality and appearance of the development. Approval of plans and specifications is not to be construed as a determination that the plans and specifications comply with governmental regulations or authority.

Section 3.07. Common Area and Neighborhood Common Area: Construction and Alteration of Improvements. Except to the extent otherwise permitted pursuant to easements, licenses and rights to use, no Improvement, or other work which in any way alters Common Area or Neighborhood Common Area from its existing state on the date it was conveyed by Grantor to the Association or Neighborhood Association, or otherwise acquired shall be made or done except upon compliance with the provisions of this section. As this section relates to Neighborhood Common Area the term "Common Area" shall also include "Neighborhood Common Area" and the term "Association" shall also include Neighborhood Association.

(a) Subject to Grantor's reserved rights pursuant to the Article entitled "Rights of Grantor", no person other than Grantor or the Association, with the permission of Grantor during the first three (3) years following conveyance of Common Area by Grantor to the Association, shall construct, reconstruct, refinish, alter or maintain any Improvement upon, or shall make or create any excavation or fill upon, or shall change the

natural or existing draining of, or shall destroy or remove any tree, shrub, or other vegetation upon Common Area, except as necessary for proper maintenance and replacement of such trees, plants and vegetation.

(b) If the Association or Grantor proposes to construct, reconstruct or alter the exterior of any Improvement located or to be located upon Common Area, or do any act that could result in any change in the topography thereof, the Association shall first obtain the Planning Committee's approval pursuant to the procedures, requirements and provisions as provided for Improvement of Lots. The Planning Committee shall approve the plans and specifications submitted to it pursuant to this paragraph only if it finds that such Improvement (i) is reasonably necessary for any utility installation serving any property within the Subdivision, (ii) is desirable in order to provide or improve access to or to enhance the use and enjoyment of Common Area, (iii) is desirable to protect, support or preserve any property within the Subdivision, or (iv) is desirable for the construction of a recreational facility, and (v) is necessary or desirable because of a change of use of the property within the Subdivision.

ARTICLE 4

PLANNING COMMITTEE

Section 4.01. Planning Committee: Organization; Power of Appointment and Removal of Members. There shall be a Planning

Committee called Alameda Southridge I Association Planning Committee, organized as follows:

(a) The Planning Committee shall consist of not less than three (3) nor more than five (5) members. Each of such persons shall hold his office until such time as he has been removed or his successor has been appointed, as set forth herein.

(b) Except as provided in paragraph (c) below, the right from time to time to determine the number of members of the Planning Committee and to appoint and remove all members of the Planning Committee shall be, and hereby is, reserved to and vested solely in Grantor.

(c) The right from time to time to determine the number of members of the Planning Committee and to appoint and remove members of the Planning Committee shall be reserved to and vested in the Association's Board of Directors (i) if Grantor fails to exercise its rights hereunder or records a declaration waiving such rights, or (ii) from and after any time persons other than the Grantor own ninety percent (90%) or more of the Lots within the Residential Area, unless Grantor's percentage Ownership subsequently becomes more than ten percent (10%) of the Lots within the Residential Area by reason of the annexation of additional property to the Subdivision.

(d) When the Grantor no longer has a right to appoint and remove members from the Planning Committee, then the Association Board of Directors shall be vested with such right.

(e) Any member of the Planning Committee may at any time resign from the Planning Committee upon written notice delivered to Grantor or to the Association, whichever then has the right to appoint and remove members.

Section 4.02. Planning Committee: Duties. It shall be the duty of the Planning Committee to consider and act upon such proposals or plans from time to time submitted to it pursuant to these Restrictions, to adopt Planning Committee rules and after construction is complete, to assure continuing compliance and to perform such other duties from time to time delegated to it by or pursuant to these Restrictions.

Section 4.03. Planning Committee: Meetings; Action; Compensation and Expenses. The Planning Committee shall meet from time to time as necessary to perform its duties properly hereunder. The vote or written consent of the majority of members shall constitute an act by the Planning Committee unless the unanimous decision of its members is otherwise required. The Planning Committee shall keep and maintain a record of all action from time to time taken by the Planning Committee at such meetings or otherwise. Unless authorized by the Grantor during the period Grantor retains the power to appoint, or the Association thereafter, the members of the Planning Committee shall not receive any compensation from the Association for services rendered.

Section 4.04. Planning Committee Rules. The Planning Committee shall have the exclusive power to adopt, amend and

repeal, from time to time and by unanimous vote, rules and regulations, to be known as "Planning Committee Rules", which interpret, implement or supplement the provisions of these Restrictions and the Design Guidelines and which shall include any regulations made pursuant to the authority granted to the Alameda Southridge I Association. A copy of the Planning Committee Rules, as they may from time to time be adopted, amended or repealed, certified by any member of the Planning Committee, shall be maintained with the corporate records of the Association and shall be available for inspection by members.

Section 4.05. Non-Waiver. The approval by the Planning Committee of any plans, drawings or specifications for any work done or proposed, or in connection with any other matter requiring the approval of the Planning Committee under these Restrictions, shall not be deemed to constitute a waiver of any right to withhold approval as to any similar plan, drawing, specification or matter whenever subsequently or additionally submitted for approval.

Section 4.06. Liability. Neither the Grantor, the Board, the Planning Committee nor any member thereof shall be liable to any Owner for any damage, loss or prejudice suffered or claimed on account of:

(a) The approval of any plans, drawings, and specifications, whether or not defective.

(b) The construction or performance of any work,

whether or not pursuant to approved plans, drawings, and specifications.

(c) The execution and recording of an estoppel certificate whether or not the facts therein are correct; provided, however, that the officer executing the certificate, with the actual knowledge possessed by him, has acted in good faith.

Without in any way limiting the generality of the foregoing, the Board, the Committee, or any member thereof, may, but is not required to, consult with or hear any Owner with respect to any plans, drawings, or specifications, or any other proposal submitted to it.

Section 4.07. Planning Committee Relationship to Governmental Planning Requirements. The Planning Committee shall not intentionally approve any use that does not comply with any prevailing governmental requirements at the time. However, should it so approve such a use, such approval shall not in any way relieve the Owner of complying with the governmental requirement, nor shall the Planning Committee be liable for the Owner's reliance upon said approval. Should any governmental agency approve a variance or use that is below the standard or inconsistent with the standard of Alameda Southridge Village Design builders or subdivision and Planning Committee rules, that action will not require the Planning Committee to approve such use. The Planning Committee approvals may therefore require a higher standard than governmental requirements, but the Planning

Committee cannot reduce a standard required by governmental requirements.

PROVISIONS RELATING TO ZERO LOT LINE HOUSES

Section 5.01. Application. If any single family dwellings are constructed on Lots in the Residential Area in such a manner that parts of two (2) or more of such dwellings each on its own Lot share a common wall or roof or other common parts, or if a structural part of the dwelling is on or abuts the Lot line, the Lots containing such dwellings and any Lots sharing the Lot line on which the structural part of any such dwelling is on or abuts shall be subject to the provisions of this Article.

The color of any such units shall at all times be uniform unless otherwise approved by the Planning Committee.

Section 5.06. Planning Committee as Arbitrator. If a dispute arises between any such Owners as to the need for any repairs or renovation of the common elements, the color or design of the dwellings or the liability for the cost of any such repairs or renovation, or entry onto adjoining property any such Owner may submit the matter to the Planning Committee, who after a hearing with at least fifteen (15) days written notice to all parties can render a decision on such disputes binding on all such Owners.

Section 6.03. Consent of Planning Committee. No building or other structure of any kind shall be built, erected or maintained upon any such easement, reservation or right of way, without the express consent of the Planning Committee, and such easements, reservations and right of way shall, at all times, be

open and accessible to public and quasi-public utilities, and to Grantor, all of whom shall have the right of ingress and egress thereto and therefrom, and the right and privilege of doing whatever may be necessary in, under and upon said locations for the carrying out of any of the purposes for which said easements, reservations and rights of way are hereby reserved, or may hereafter be reserved.

Section 6.04. Extinguishing Such Reservations. The Association, or Grantor with the consent of the Association, shall have the right at any time to extinguish such easements, excepting ingress and egress easements which shall be deemed appurtenant to the Lots and cannot be vacated or changed so to materially interfere with access to and from the Lot by Owners of the Lot(s), and rights of way, provided that the consent of the holder or owner of any such easement or right of way has been obtained.

Section 6.05. Clearing Reserved Area. THE ALAMEDA SOUTHRIDGE I OWNERS' ASSOCIATION

Section 7.01. Organization.

(a) The Association shall be organized as a non-profit membership corporation charged with the duties and empowered with the rights herein set forth; its affairs shall be governed by these Restrictions and to the extent not inconsistent herewith its Articles of Incorporation and By-laws.

(b) In the event that the Association as a corporate entity is not formed or after formation loses its corporate powers or is dissolved, a non-profit, unincorporated association shall forthwith and without further action or notice be formed and succeed to all the rights and obligations of the Association hereunder until a qualified non-profit corporation is formed. Said unincorporated association shall be known as the Alameda Southridge I Owners' Association and its affairs shall be governed by these Restrictions and, to the extent not inconsistent therewith, by said Articles of Incorporation and By-Laws, respectively, as if they were created for the purpose of governing the affairs of an unincorporated association.

(c) The Board of Directors of the Association shall be elected at an annual or special meeting not later than six (6) months from the sale by Grantor of the first Lot subject to these Restrictions. The initial Board of Directors shall serve until the first annual meeting of members at which time Directors shall be elected or appointed as provided in the By Laws.

. Section 7.02. Membership.

(a) Each Owner by virtue of being an Owner (except for the Association) and for so long as he is an Owner, shall be a

member of the Association, or a member of the preceding or succeeding unincorporated association taking its place, except that an Owner shall not be a member by virtue of owning Common Areas, Neighborhood Common Areas, property owned by government or public bodies or dedicated to public use, or exempted from assessment. Any person or entity holding an interest in a lot as security for the payment of debt or performance of an obligation shall not be a member.

(b) The rights, duties, privileges and obligations of an Owner as a member of the Association or its preceding or succeeding unincorporated association shall be those set forth in, and shall be exercised and imposed in accordance with, the provisions of these Restrictions and the Association's Articles and By-Laws.

(c) In the event of the failure to incorporate the Association on the dissolution of the Association and formation of an unincorporated association, each member of the unincorporated association shall have an equal, underlying beneficial interest in all of the Association's property transferred to or for the account or benefit of said unincorporated association in direct proportion to the number of votes allocated to the Lots owned by such member; provided, however, that there shall be no judicial partition of such property, or any part thereof, nor shall any such member or other person acquiring any interest in said property, or any part thereof, seek any such judicial partition.

(a) Class I. All Members, except the Grantor, shall be Class I members and shall be entitled to votes as follow:

(2) Ownership of a single Lot actually occupied by a duplex, triplex or fourplex-one (1) vote for each separate dwelling unit.

When more than one person holds an interest in any Lot or Unit, all such persons shall be Members. The vote for such Unit shall be exercised as such Owners determine, and in no event shall such multiple Owners vote more votes than they are entitled by the Lots or Units owned.

(b) Class II. The Grantor shall be the only Class II member and shall be entitled to three votes for each Lot or Unit owned by Grantor prior to the initial conveyance of such Lot or Unit by Grantor (the assignment or conveyance of all of Grantor's interest in the Project shall not be such an initial conveyance). The Class II membership of Grantor shall terminate upon the sale of the last Lot owned by it which has been or is subject to annexation into Alameda Southridge I.

Section 7.04. Membership Voting Rights. Each Member shall be entitled to the votes for each Lot or unit owned by such Owner as set out in Section 7.03 on all matters properly submitted for vote to the membership of the Association. The right to vote may not be severed or separated from any Lot, and any sale, transfer

or conveyance of the beneficial interest of the fee of any Lot to a new Owner shall operate to transfer the appurtenant vote without the requirement of any express reference thereto. Voting by members may be by written proxy.

Any provision of these Restrictions requiring a vote by Owners shall be satisfied if the required number of Owners give their written consent. In any election held pursuant to the requirements of these Restrictions, ballots may be transmitted to Owners in the manner provided for the giving of notice by these Restrictions. If at any time the Members other than Grantor do not have a sufficient percentage of voting power to elect at least one (1) director to the Board through the accumulation of all their votes, Grantor at the annual election of the Board or at any other election of the entire Board shall be allowed to vote for no more than one (1) less than the total number of director' positions on the Board.

Section 7.05. Rights of Members to Use Common Areas.

Members, members of their families, or their guests or renters who actually reside within the Subdivision have a right to use the Common Areas on a non-exclusive basis subject to the Subdivision Rules.

Section 7.06. Duties and Obligations of the Association.

The Association shall have the obligation and duties, subject to these Restrictions to do and perform each and every of the following for the benefit of the Owners and for the maintenance and improvement of the Subdivision.

(a) The Association shall accept as part of the Subdivision all property annexed to the Subdivision and shall accept all Owners and members of the Association.

(b) The Association shall accept from Grantor the fee or leasehold estate in all Common Areas from time to time transferred to it, subject to the reservations of all easements, licenses and rights to use, and the rights of Grantor.

(c) Immediately prior to any dissolution or incapacity of the Association as a corporate entity the Association shall transfer its estate in Common Areas to an independent corporate trustee to hold Common Areas in trust for the benefit of the unincorporated association formed pursuant to this Article and for the benefit of the Owners. If for any reason this is not done, it shall immediately be done by the succeeding unincorporated association and such conveyance may be compelled by an Owner.

(d) The Association shall maintain, or provide for the maintenance of, Common Area and all Improvements thereon including, without limitation, recreational facilities, in good order and repair, provided, that the Association shall have no maintenance responsibility with respect to Improvements installed by other than the Association or Grantor, pursuant to easements, licenses and rights of use.

(e) The Association may enter upon and maintain, or provide for the maintenance of any Lot, Association Common Area, Neighborhood Common Area or improvements located on easements or

by licenses which is not maintained by the Owner, or Neighborhood Association or Project Committee thereof in accordance with the requirements of these Restrictions, at the expense of any such Owner, or Neighborhood Association upon thirty (30) days written notice to such Owner.

(f) To the extent not assessed to or paid by the Owners, the Association shall pay all real property taxes and assessments levied upon Common Area.

(g) The Association shall obtain and maintain in force such policies of insurance as shall be deemed necessary or desirable by the Board.

(h) Each policy of fire and extended coverage insurance and all other policies of insurance obtained by the Association whether or not required to be obtained pursuant to the provisions of these Restrictions, shall expressly waive any and all rights of subrogation against Grantor, its representatives and employees, the Association and any Owner. The policy or policies referred to above shall name the Grantor, Association, their representatives, members and employees, and the Owners as insured, and such policy or policies shall protect each of the insured, as if each were separately insured under separate policies; provided, however, that such policy or policies shall not require the insurer or insurers thereof to pay any amount in excess of the maximum limits stated therein. Each year the Association shall review the policy or policies carried pursuant to this paragraph, and shall take such action as may be

necessary to assure that the amount of insurance adequately covers the risks of loss against which such policy or policies insure, to the extent coverage is available.

(i) The Association shall from time to time make, establish, promulgate, amend and repeal the Subdivision Rules.

(j) The Association shall take such action, whether he or not expressly authorized by these Restrictions, as may reasonably be necessary to enforce or carry out the restrictions, limitations, covenants and conditions of these Restrictions and the Subdivision Rules.

Section 7.07. Powers and Authority of the Association.

The Association shall have all of the powers set forth in its Articles of Incorporation, together with its general powers as a non-profit corporation, subject only to the limitations upon the exercise of such powers as are expressly set forth in its Articles of Incorporation, its By-Laws and in these Restrictions, to do any and all lawful things which may be authorized, required or permitted to be done by the Association under and by virtue of these Restrictions and to do and perform any and all acts which may be necessary or proper for or incidental to the exercise of any of the express powers of the Association or for the peace, health, comfort, safety and general welfare of the Members. Without in any way limiting the generality of the foregoing the Association shall have the following powers and authority:

- (3) To incur indebtedness; however any indebtedness and the terms thereof which would require for payment or amortization thereof, an increase in dues over the level for the previous year plus allowed increases, such indebtedness must be approved by the Class I members by the same procedures for increasing dues and have the written approval of the Class II member.
- (4) To contract and pay for, or otherwise provide for, the services of architects, engineers, attorneys and certified public accountants, and such other professional and non-professional services as the Association deems necessary;
- (5) To contract and pay for, or otherwise provide for, such materials, supplies, furniture, equipment and labor as and to the extent the Association deems necessary;
- (6) To pay and to discharge any and all liens from time to time placed or imposed upon any Common Area, on account of any work done or performed by the Association in the fulfillment of any of its obligations and duties of maintenance, repair, operation or administration;
- (7) To purchase, lease or contract for the use of land and Improvements for recreational or other purposes to the extent the Association deems necessary. However, the purchase or construction of any capital asset or Improvements must have the approval of the Class I members and the written consent of the Class II member if the item is not an approved budget item or if it is not an item

for which there has been established and funded a sinking fund for the item purchased or constructed.

- (8) To convey Association properly with the requisite approval of the Association.
- (9) To contract and pay for security service.
- (10) To provide for the maintenance, repair and clearing of waterways and Open Spaces with the development, whether required for the proper drainage of natural flow of water, whether said waterways are located on private property, common property or Association property, and whether or not the Association has an easement therefore. Nothing herein is intended to required the Association to provide such service.
- (11) To enforce these Master Restrictions and Planning Committee Rules and decisions.
- (12) The Association shall have the power and authority, if it deems appropriate, and if it can be purchased, to own the water distribution system within the development, to operate it, or lease it, or maintain it in order to assure that there is a water distribution system that is adequate to supply Alameda Southridge.

(b) With respect to its estate in Common Area, the Association shall have the power and authority from time to time to grant and convey easements or rights of way, in, on, over and under any Common Area, for the purpose of constructing, erecting, operating and maintaining utility lines and facilities and other lines and facilities for the benefit of the Subdivision or Owners.

(c) The Association may employ the services of a professional manager or managers to manage the affairs of the Association and any part of its Common Area, and, to the extent not inconsistent with the laws of the State of New Mexico and

upon such conditions as are otherwise deemed advisable by the Association, the Association may delegate to the manager any of its powers under these Restrictions. Any contract with such a professional manager shall be considered a service contract and subject to the provisions of these Restrictions relating to such contracts.

(d) The Association shall have the right from time to time to pay, compromise or contest any and all taxes and assessments levied against all or part of Common Area or upon any personal property belonging to the Association.

(e) The Association shall have the power and authority from time to time, in its own name, and on its own behalf or on behalf of any Owner or Owners who consent thereto, to commence and maintain actions and suits to restrain and enjoin any breach or threatened breach of these Restrictions and to enforce, by mandatory injunction or otherwise, all of the provisions of these Restrictions and shall not be required to post bond to support such actions.

(f) The Association may bill with its own assessments the regular assessments of Neighborhood Associations charging such associations for the actual cost of such services and may administer the affairs of such Associations, including maintenance of Common Areas, assessments, collection of delinquent assessments and enforcement of restrictions, keeping of membership books, purchase of insurance, payment of taxes, administration of corporate affairs and to enter into service or

other contracts for such services, and subject to the power of the governing board of any such association to set assessments, set cost limits on service and other contracts, set limits of insurance coverage and exercise other powers granted to such governing board by these Restrictions. The Association while administering the affairs of such associations may enforce the obligations of such associations by suit or otherwise in the name of any such association or in the association's name.

Section 7.08. Subdivision Rules.

(a) The Association may, from time to time, and subject to the provisions of these Restrictions, adopt, amend and repeal rules and regulations, to be known as the "Subdivision Rules" governing:

- (1) The use of Common Area and recreational facilities; provided members and the purchaser or tenant of any Lot or Unit who is granted a Member use in place and stead of such Member shall be treated on a non-discriminatory basis and shall not be deprived of use except for suspension of their rights set out in (2) below, subject to regulations as to time and method of use, including allocations of time for specific groups using such facilities for classes or competition, reasonable restrictions based on age, and rules necessary or convenient for safety.
- (2) The suspension of the voting rights and the use of Common Area and facilities of a Member, and all persons using such Members privileges by the Board for violation of the project restrictions, the Association's Articles and By-Laws, or the Subdivision Rules, such suspension to be limited to a period of ninety (90) days after curing any violation; and similar suspension of voting rights and use for the failure to pay assessments extending for the entire period of non-payment. (c) A copy of the Subdivision Rules, as they may from time to time be adopted, amended or repealed, shall be mailed to each member and posted but the failure to properly mail and post shall not invalidate the Subdivision Rules or prevent their enforcement. The Subdivision Rules shall have the same force and effect as if they were set forth in and were a part of these Restrictions.

Section 7.09. Liability of Members of Board. No member of the Board shall be personally liable to any Owner, Neighborhood Association, Project Committee, or to any other person, including Grantor, for any error or omission of the Association, its representatives and employees, the Planning Committee, or the manager; provided, however, that such Member has, with the actual knowledge possessed by him, acted in good faith.

ARTICLE 8

Funds, Assessments and Delinquency

Section 8.01. Creation of Lien and Personal Obligation for Assessments. Grantor for each Lot in a Subdivision owned by it and each owner of any Lot within Alameda Southridge I Community as may from time to time be added to by annexation, hereby agrees to pay, by the acceptance of a deed or contract of sale therefor, whether or not so expressed in any such deed or contract or other conveyance is deemed to agree to pay the Association: (1) maintenance assessments; (2) special assessments; (3) penalty assessments; (4) assessments for capital improvements; (4) all other fees or other moneys due to the Association from such Owner. The maintenance assessment, special assessment and assessment for capital improvements, plus interest, late charges, costs and attorney's fees, shall be a charge against the land and shall be a continuing lien upon the Lot against which each such assessment is made, and shall also be the personal obligation of the Owner or Owners of such property on the assessment date. The ability to lien is also granted to the City of Las Cruces in the event the city finds it necessary to provide maintenance within the common areas consistent with promoting the health, safety and welfare of the residents of Las Cruces.

Section 8.02. Maintenance Assessment.

(a) Within thirty (30) days prior to the commencement of each calendar year, the first day of which shall be the assessment date, the Association shall estimate the costs and

expenses to be incurred by the Association during the coming calendar year in performing its functions pursuant to these Restrictions (including a reasonable provision for contingencies and replacements), except those functions which relate to the purchase or development of capital improvements which must be approved by the Members and shall subtract from such estimate an amount equal to other projected revenues and surplus balances not needed for reserves and contingencies. The sum or net estimate so determined shall be assessed to all Owners, not exempt, in shares proportionate to their voting rights as a maintenance assessment.

(b) If at any time and from time to time during any fiscal year the maintenance assessment proves or appears likely to prove inadequate for any reason, including nonpayment of any Owner's share thereof, the Association may levy a further assessment in the amount of such actual or estimated inadequacy, which shall be assessed to Owners divided as provided in this Section.

The maintenance assessment shall not be increased by more than the increase reflected by the Consumer Price Index, all times, as published by the Bureau of Labor Statistics of the Department of Labor, or other comparable index in the event the Consumer Price Index ceases to be published, without the approval of two thirds (2/3) of the Class I members, and the consent of two thirds (2/3) of the Class II members, but the percentage increase shall be cumulative and any amount not used in one year

may be used in later years. For purposes of implementing this paragraph, January 1, 1990, shall be the base index rate for determining any increases.

Section 8.03. Special Assessments for Capital Improvements and Indebtedness. The Association may also levy in any fiscal year an assessment for paying or returning in whole or in part the cost of acquisition, construction, reconstruction, repair or replacement of a described capital improvement to the Common Area or retiring an indebtedness of the Association in an amount in excess of \$10,000.00 in any year, provided the consent of two thirds (2/3) of the members has been obtained which shall be assessed to Owners as provided for in maintenance assessments.

Such assessment shall be in the amount so expended, and shall be due and payable to the Association when levied and notice given. A special assessment may also be levied against any such Owner to collect

Section 11.01. Development of the Subdivision. Grantor is developing the Subdivision as a development containing Common Areas and recreational areas and single family dwellings, and all Owners of property within the subdivision are hereby placed on notice of these plans and the right of Grantor to amend such plans at any time.

Each person accepting a grant of property subject to these Restrictions hereby consents to such development and covenants not to oppose such development, including Improvements, signs, parking areas and lighting provided that such development is not in violation of law. This Section shall not be construed as

limiting the use of property within the Subdivision by its Owners.

Section 11.02. Limitation of Restrictions on Grantor.

Grantor is undertaking the work of developing the Subdivision. The completion of that work and the sale, rental and other disposition of the property within the Subdivision is essential for this development. In order that the work may be completed and the property developed and fully occupied as rapidly as possible, nothing in these Restrictions shall be understood or construed to:

(a) Prevent Grantor or its agents, employees and contractors from doing on the property within the Subdivision or any Lot or Unit thereof, whatever is reasonably necessary or advisable in connection with the completion of its work;

(b) Prevent Grantor or its agents, employees and contractors from erecting, constructing and maintaining on any part or parts of the Project, such facilities, structures and offices as may be reasonably necessary for the conduct of its business of completing the work and disposing of the property in parcels by sale, lease or otherwise, including without limitation sales offices, model homes or Project Units, general business offices, for its staff and employees, contractors or subcontractors, storage and parking facilities for material and equipment and fabrication and assembly shop; or

(c) Prevent Grantor from conducting on any part of the

properties its business of completing the work, and disposing of the property therein;

Grantor may use the name Alameda Southridge and the name of the Association or of any Neighborhood Association in connection with other developments whether adjacent to the Subdivision or not, provided such names have a distinctive number or other designation so that they are not identical with the names of the Alameda Southridge, the Association and any Neighborhood Association. Consent is hereby given to Grantor and Grantor's assigns to use such names (distinguished as provided by this section) as the name of a corporation and the New Mexico State Corporation Commission is authorized to permit the filing of Articles of Incorporation using such names. No other person without the written consent of Grantor shall use the name "Alameda" or "Southridge" either alone

or in conjunction with any other as the name of any building, apartment, business or office except that the Association is in no way restricted from the use of its name in connection with its business and activities.

Section 11.04. Grantor's Use of Common Area. Grantor may reserve unto itself, in any grant of Common Area to the Association or any Neighborhood Association the following rights:

(a) To use any building as a sales center and to maintain therein a sales office with normal and customary office and communication equipment and to maintain therein personnel, maps, display cases, models and decoration; to use the adjacent parking facilities for itself, its agents, employees and invitees; and to use such facilities for such social events as Grantor feels are necessary or proper to promote or aid the Subdivision or Grantor.

Section 11.05. No Amendment or Repeal. The provisions of this Article may not be amended or repealed without the consent of Grantor.

ARTICLE 12

Amendment, Repeal and Duration

Section 12.01. Amendment and Repeal. In addition to the rights reserved to Grantor to modify or supplement these Restrictions with respect to property annexed to the Subdivision, and unless specifically provided to the contrary herein, these Restrictions, or any part thereof, as from time to time in effect with respect to all or any part of the Subdivision, and any limitation, restriction, covenant or condition thereof, may be amended or repealed upon (i) the sixty percent (60%) vote or written consent of the Owners, and (ii) the recordation of a certificate of the Secretary or an Assistant Secretary of the Association setting forth in full the amendment or amendments to these Restrictions so approved, including any portion or portions thereof replaced, and certifying that said amendment or amendments have been approved by a required sixty percent (60%) vote or consent, and if necessary by the consent of Grantor and the Owners of a particular class of property.

Section 12.02. Duration. All of the limitations, restrictions, covenants and conditions of these Restrictions shall continue and remain in full force and effect at all times with respect to all property, and each part thereof, included within the Subdivision, to the Owners of such property and to the

Section 13.05. Condemnation of Common Area. If at any time, or from time to time, all or any portion of Common Area, or Neighborhood Common Area, or any interest therein, be taken for any public or quasi-public use, under any statute, by right of eminent domain or by private purchase in lieu of eminent domain, any award in condemnation shall be paid to such Association and deposited into its operating fund. No Owner shall be entitled to participate as a party, or otherwise, in any proceedings relating to such condemnation, such right of participation being herein reserved exclusively to the Association or Neighborhood Association which shall, in its name alone, represent the interest of all Owners.

Section 13.06. Authority for Conveyance of Common Area and Special Use Property. The Association may from time to time own

The said registered or licensed engineer, registered architect or certified public accountant shall be selected by mutual agreement of Grantor and the Association, and his fees shall be paid for by Grantor. If Grantor and the Association are unable to agree upon such an engineer, architect or accountant, then each shall choose one at their own expense, and those two shall choose a third, whose fees shall be split evenly. The Association must deliver
